

### UNHCR Registered\*

Total Registered Displaced Syrians at the end of each month

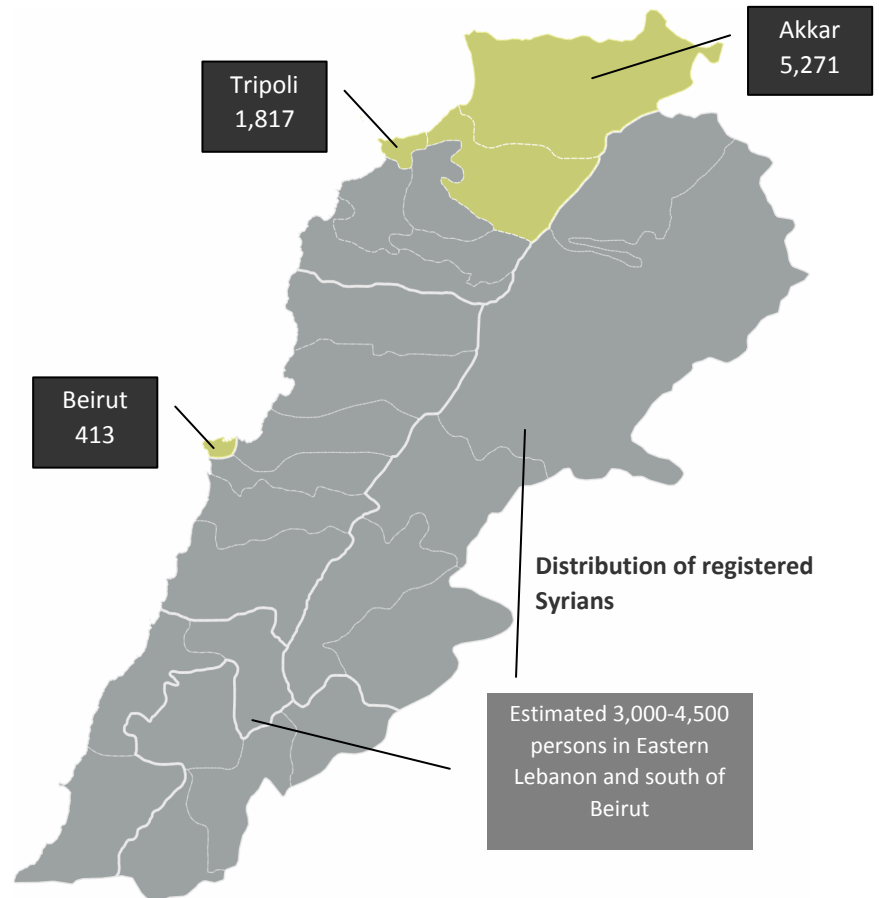

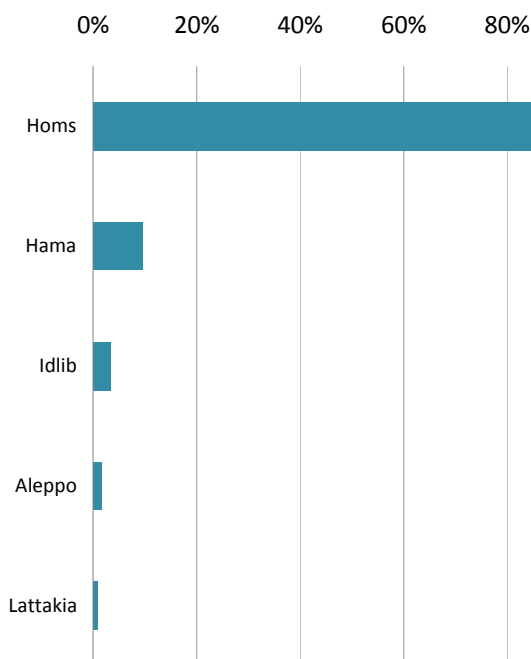

\* Since March 2011, 413 additional Syrians registered with UNHCR office in Beirut

### Age and Gender Breakdown

### Place of origin

The trends show a steady and incremental increase in number of Syrians registered. The current number reached Scenario 1 of the contingency plan: 7000 individuals. The highest concentration of Syrians is in North Lebanon, followed by the Bekaa valley. Most Syrians in the North come from Homs.
